AMUSEMENTS

The Murray Comedy company will give its closing performance at the Auditorium this evening. Don't miss it.

"Do you know, I think nothing is more enjoyable, from the standpoint of the spectator than a good musical comedy," said Lew Hunting, who leads that clever family, the Four Huntings.

"It must be full of fun, of course. People go to the theatre to laugh. Folks who like to be amused have troubles enough of their own nowadays in every-day life without going to the theatre to weep. That is why musical comedy and comic opera will always be the leading forms of theatrical entertainment. I have been all through it, I've been in high class comedy, circus, vaudeville, comic opera, and am now winding up in the potpourri of music, songs and acrobatic dancing which makes our own musical comedy 'The Fool House,' such a big success this season. I learned that the people who spend their money going to theatres, people who make a good production which costs lots of money to keep going, possible, want spirited action full of music, motion and mirth, clean comedy, original and full of surprises. That's why they are calling us the Four behind the laughs and do you know that they call me 'The Kandy Kid,' and Mr. Hunting resumed his puffing of the only cigar he allows himself each day. At the Auditorium Monday night. Seats on sale tomorrow."

It may be safely said that no attraction has played Newark, in a long time, that made the profound impression that William F. Mong and his company made in The Clay Baker. Managers Johnson and Matthews take great pleasure in announcing that they have succeeded in securing a return engagement with this splendid organization at the Auditorium matinee and evening, Saturday, October 14.

THE CLAY BAKER.

For the third time this week, the Murray Comedy Company presented a play to a capacity house at the Auditorium Friday night and the production was enthusiastically received. Long before eight o'clock every seat in the house had been sold and arrangements were at once made to station the orchestra on the stage. This afternoon the company presented "Cinderella" at a matinee and tonight the play will be a western story under the name of "The Man from Missouri." Last year, during fair week, the Murray Comedy company broke the house record for a week's engagement. This week, that record has already been passed and a new record will be made.

NO BLOCKED AISLES

At Auditorium Says Captain Bell—Ordered Chairs Removed From Passage Friday Night.

Captain Robert Bell of the night police force, who was on duty at the Auditorium Friday night, stopped the work of seating people in chairs in the aisles of the theatre after the house had been sold out. A number of late comers were given chairs in the aisle, but on account of the danger of such practice and on account of the state law prohibiting this, the officer took immediate action.

OTHER HOSTAGES

Imprisoned Where Italian Boy Was Kept in Captivity.

New York, Oct. 7.—Tony Marenchino, the kidnapped boy who was held for ransom, and released on a street-car, is unable to give the police any tangible clue to those who abducted him.

Tony said that in the house where he was kept a prisoner in Upper Manhattan there were a woman and another boy also kept prisoners by a man and woman, and that they were trying to escape. Tony said his captors threatened to kill him if he made a noise, and beat him with a stick, but he had plenty to eat and a good place to sleep.

The Brooklyn police arraigned Salvatore Pitonia in court and accused him of having acted as a go-between for the kidnapers of the Marenchino boy. Pitonia was held in \$5,000 bail, which was promptly offered by Marenchino, father of Tony. When the police questioned the character of the bail Marenchino excitedly demanded in court to know why he was not allowed to give bail for his "best friend." The bail was refused, pending an inquiry.

HEAVY HITTERS FOR CINCINNATI GAME

Humphreys, Purtell, Schweitzer and Snyder Will be in Big Game. Will be Largely Attended.

There will be a big surprise in store for the Cincinnati Reds when they drop into town next Monday afternoon for an exhibition game with the Newark team. The lineup which is given below shows some heavy hitters and if the pitchers are working favorably the Reds will find it rather hard to leave the city victorious. Billy Purtell of the Decatur team of the Three I league, one of the heaviest hitters out of the big leagues, will play third. Harley Humphreys, who played here with Newark, will play short. The team will line up as follows: Snyder 1b; Snodgrass 1b; Doyle c; Schweitzer cf; Purtell 3b; Bissell lf; McDonald 2b; Humphreys ss; Stone p; Mason p.

MT. VERNON MEN

Vernon, O., Oct. 7.—Manager Goodrich has called on the business men of the city requesting them to close their places of business next Tuesday afternoon when the Cincinnati national league team plays here. THE TRUE TEST.

Tried in Newark It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Newark. Kidney sufferers can hardly ask for stronger proof than the following:

John Lippincott, proprietor of livery stable at 127 11th St., Newark, O., says: "I heartily endorse Doan's Kidney Pills, and in fact, I have told hundreds of people that this remedy kept me out of the cemetery. I had a severe case of kidney trouble. I suffered from rheumatism for a long while and had a pain across the loins that almost paralyzed me. The twinges felt like knife thrusts. When I did not suffer these sharp shooting pains there was a constant dull aching in the small of the back. As such times I could not find an easy position no matter whether I sat, stood or lay down. My back tired easily and when I tried to shift about the sharp pains would catch me again. I truly believe that if it had not been for Doan's Kidney Pills I would not be alive today. I got a box of them at Grayton's drug store and the effect of the treatment was simply wonderful. It drove the pain from my back and sides and there has not been a trace of any of the symptoms I have described for the past eight years. It was just after I used Doan's Kidney Pills in 1896 that I made a statement in the papers telling about my case, and I am happy to find that after eight years I can stoop and lift and am feeling just as supple as I ever was. I will be glad to tell all I know about Doan's Kidney Pills to anybody who cares to inquire."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other. 12

TO THE PEOPLE OF NEWARK

The report has been circulated that The Newark Water Company does not desire to sell its plant to the city.

This report is false. On behalf of The Newark Water Company I have endeavored for the last two years to obtain a sale to the city through an appraisal.

The city officials claim if the appraisal is too high the city may nevertheless be compelled by the company to take the property.

The Water Company has and still does agree to waive any such right if such right does exist.

If the city will undertake the appraisal and no agreement be reached The Water Company will agree.

1st. That the hydrant rental contract will be extended at the option of the city as long as is necessary to complete a municipal plant.

2nd. The city will be secured against any liability either to take the property or to pay any costs, attorney fees or expenses on account of any litigation arising out of the appraisal or sale.

The Water company only asks a fair business-like investigation of its property. An appraisal will enable everybody to know what the plant is, how it can be used by the city, and what it is worth.

This has been the position of the Water company from the outset.

The Water company claims that a fair consideration of the matter will convince the people that by a purchase of its property they will save:

1st. \$200,000 in cost of construction.

2d. The tearing up of many miles of paved streets.

4th. From \$5,000 and up annually income from private consumers.

5th. \$25,000 in making connections with private consumers as well as the annoyance of digging up the streets for the purpose.

ENGINE

Turned a Double Somersault, But the Three Men Inside Were Not Badly Hurt.

Zanesville, O., Oct. 7.—A very remarkable railroad wreck occurred on the O. and L. K. division of the B. and O. at Devil's Dam, seven miles this side of Marietta. A northbound freight train ran into a farmer's wagon at the crossing, and, notwithstanding that the wagon was reduced to kindling, the engine was derailed, and went over a 40-foot embankment, followed by eight cars.

The engine, turned a double somersault, and landed at the edge of the river. Engineer White, Fireman McKee and Brakeman McDonald were in the cab of the engine when it left the track, and all stayed in the cab during the frightful plunge. Stranger still, neither of the three men suffered any serious injury. Fireman McKee suffered a fracture of one rib.

Made Money For Years.

Philadelphia, Oct. 7.—Colonel Martin Van Buren Davis, 62, prominent in Masonic and military circles throughout the state, died at his home here after an illness of more than a year. In 1865 Colonel Davis was appointed to a clerkship in the United States mint. Later he was appointed computer of bullion at Washington and in 1876 was detailed as special mint employee with headquarters in San Francisco. He was appointed superintendent of the New Orleans mint in 1878.

Russell Promoted.

Washington, Oct. 7.—President Roosevelt appointed Charles W. Russell, formerly special assistant attorney general in charge of the insular bureau of the department of justice, to the office of assistant attorney general vice William D. Purdy, recently promoted to the position of assistant to the attorney general. The position of special assistant attorney general formerly held by Mr. Russell was abolished.

Fire in a Mine.

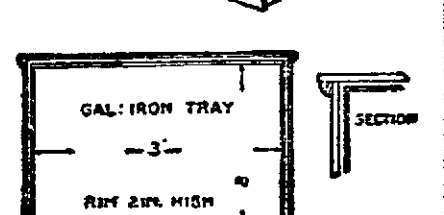

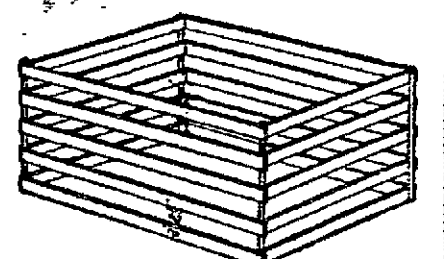

Pueblo, Colo., Oct. 7.—A defective electrical generator started a destructive fire at the Fremont coal mine, near Florence, Colo. All the buildings, including the shafthouse, were destroyed. By the prompt work of their companions the 50 miners in the undergrounds were rescued alive through the airshaft, which was slowly burned.

Leonard Indicted.

New York, Oct. 7.—An indictment for forgery in the second degree against Henry A. Leonard, the youth who secured more than \$350,000 worth of securities from the City National bank on a forged check, was returned by the grand jury. Leonard is in jail, not having furnished \$10,000 bail.

A Convenient Device.

A puppy pen has proved a great comfort to me in the rearing of my fox terrier. This pen consists of a light galvanized iron tray with a rim turned up all around two or three and one-half inches, and a light frame made of two inch laths, either rough or smooth, nailed to a corner cleat, as shown in the elevation and section. The frame should be a trifle larger than the out-

side rim of the tray, so as to slip over it easily. With a little box full of excelsior for the puppy to sleep in the outfit is complete. It can be moved to any part of the house, inside or out. The pen can be lifted off and the tray washed out with the hose and dried in the sun. At times we put the puppy on the grass without the tray, but the pen keeps him from getting away, says a Good Housekeeping correspondent.

Questions for the Republican Candidate for Mayor to Answer.

Why are not the police instructed to relax a little on the harmless "plain drunks" and go after some of the thugs who have been waylaying and robbing people?

This is one of the weaknesses in Newark's city government which the Republicans propose by their votes to remedy in November.—American-Tribune.

Two alleged cases, which The American-Tribune recently characterized as "hold-ups" and exploited under scare headlines proved to be pure fakes on the part of that paper. Now, Mayor Crilly is not allowing any lack of vigilance on the part of the police to hunt out and arrest criminals of every sort, but he does not propose to "relax" on the "plain drunks." He will keep right on enforcing law and order on the streets, notwithstanding the A-T. charges it as one of the "weaknesses in Newark's city government which the Republicans propose by their votes to remedy in November."

The question is, does The American-Tribune speak by authority for the Republican candidate for Mayor? Does Dr. McCleery propose to carry out the kind or "reform" his organ demands? The people will want to know about this matter and they will want to know it promptly and definitely. Since the Republican organ has injected this issue in the Mayoralty campaign, the people will certainly require a direct answer from the doctor. He cannot dodge it.

Wm. A. Ashbrook.

A county the size and importance of Licking county should have a first class man to represent it in the Ohio Legislature. Licking county is second in size of all the counties in the state, and second in importance to none in the extent of her vast agricultural, manufacturing and business interests of every kind. The Democratic party of Licking county presents a man in the person of a candidate for Representative who fills the bill and is in every respect such a man as a county like Licking should have to represent her in the Ohio Legislature. W. A. Ashbrook of Johnstown, Democratic candidate for Representative, is a typical, progressive, hustling and successful American citizen. Although only 38 years old, he has already accomplished more in the way of success and usefulness than most men

double his age. And this success that he has attained has been honorably attained, leaving him unblemished in character and manhood. Starting in life for himself when a mere boy—although his father was and still is in comfortable circumstances—Mr. Ashbrook has made his way through life unaided and is practically a self-made man. He is a man of wonderful energy and activity and possesses in an eminent degree that sound common sense which prevents its possessor from making those mistakes in which most men fall along the pathway of life, and which also insures their success in life. First, acquiring a good education, young Ashbrook, then almost a boy, having strong literary tastes, a mind of unusual ability, bought the Johnstown Independent some twenty-one years ago, which he has brought up into one of the best village newspaper plants in all Ohio and placed on a good paying basis. But this alone did not satisfy young Ashbrook's energy. He engaged in the insurance business, which he now carries on to a large extent, and is one of the organizers of a successful building association, of which he is the secretary. A few years ago, in connection with Mr. H. B. Rusler, one of the capitalists of Johnstown, he started a new bank in that village, which is a very successful and paying venture. Mr. Ashbrook was also postmaster at Johnstown under the Cleveland administration.

The above brief enumeration will show something of Mr. Ashbrook's remarkable business versatility and ability. He is equally active and useful in social, church and fraternal enterprises, and is noted for his open-hearted charity and benevolence, every good work having his active and hearty support. Mr. Ashbrook is something of a joiner, being a member of the Masons, Odd Fellows, Knights of Pythias, Elks, Woodmen, and several other fraternal societies. Most of them he joined several years ago, before he became a candidate, from sheer love of fraternity, as he is pre-eminently a big-hearted lover of humanity.

Mr. Ashbrook will make an ideal and valuable representative for a large county like Licking. He has so arranged his large business affairs as to be able to give his undivided time and attention to his duties as a member of the legislature. He will be found present at every session, voting at every roll call, and never dodging any issue. On political questions he will always be found to be a straight and uncompromising Democrat. On questions of a social nature he will always be found voting on the side of right, and of the people and their interests. Mr. Ashbrook has the ability to understand thoroughly the various complicated questions that will come up for consideration in the legislature and he has the courage and the honesty to vote right on those questions every time. Being exceedingly popular among the voters of both parties Mr. Ashbrook's election is assured by a large majority, and he will make such an able, faithful and successful representative in the Legislature as a county like Licking ought to and must have.

The Issue Is Drawn.

The Republican party organ is indeed hard pressed for an "issue" when it assails the Democratic city administration for enforcing the law. Mayor Crilly is severely criticised by The American-Tribune for having the city policemen arrest drunkards on the streets. Drunkenness in the eyes of the newspaper that represents the once highly moral Republican party is not a misdemeanor and a man who reels about the streets in a state of beastly intoxication should not be bothered by the police.

The people were shocked when the Republican party surrendered unconditionally to George B. Cox, an ex-diver keeper of Cincinnati (now candidate for the United States Senate to occupy the seat once honored by John Sherman); they were amazed when Governor Herrick obeyed the dictates of Boss Cox and the liquor interests and had the Brannock local option bill altered under the threat of a veto, and now they are dumfounded at this latest stand taken by their local party organ which severely arraigns Mayor Crilly for having fulfilled his obligation for having done his sworn duty in directing the police to arrest men who are found drunk upon the public streets.

What a delightful place Newark

would be if drunks were freely permitted to disport themselves about the public square! How pleasant for one's wife and mother and sister to walk through the public streets brushing against a man in a disgusting state of intoxication!

The issue is thus clearly drawn. Mayor Crilly says that drunkards must keep out of sight or suffer the consequences. The American-Tribune says, let them alone. The people may take their choice. Crilly is up for re-election. Dr. McCleery is The American-Tribune's candidate.

Oklahoma has a stretch of two and a half miles long, and the people whose signatures are on it are wondering how long they will have to wait before their wish is granted.

The Akron Times-Democrat has been watching events, as evidenced in this paragraph from its columns: "On the same day that he declined to accept Chairman Dick's Macedonian invitation to come over to Ohio and help the ticket nominated by George B. Cox, President Roosevelt decided that he would go to New Orleans and brave the danger of yellow fever contagion. In reaching this conclusion the president acted with unusual caution and discretion. Of two evils he chose the least." This is a hard swat at the machinists at Republican state headquarters and the governor himself who insist that the voters of Ohio stand by them and help them to success which shall be considered as an endorsement of the president.

The voters of Ohio will this fall vote for men to fill state, county and municipal offices. There are issues purely local sufficient in number to engage their attention. In all the discussion of state issues the questions that come nearest home, those in the municipality, should not be overlooked.

DICK'S OPEN LETTERS

Not Written by Himself But by His Numerous Secretaries, Press Agents and Word Jugglers, All for the Purpose of Molding Public Opinion of the Ignorant Variety.

Columbus, O., Oct. 7.—Chairman Dick is turning out to be a humorist—and a voluminous one. The time of year has now come when this astute statesman of many titles "takes his pen in hand daily" in an annual correspondence calculated to raise the old question, "Why do the heathen rage and the people imagine a vain thing?"

This year the Republican chairman's daily ebullitions are addressed to Hon. John M. Pattison, but, as usual, in reality are intended for the consumption of unwary Ohio voters. Dick doesn't care whether Pattison ever sees his "open letters"—and, doubtless, neither does Pattison. But Dick places great faith in his ability to mould public opinion of the ignorant variety by means of his able pen.

It should not be imagined for a moment, however, that Chairman Dick really writes these daily effusions himself. He has too many paid secretaries, under-secretaries, press agents and word jugglers under his personal charge for that. At least three of these experts sit on every one of the daily ebullitions like a coroner's jury, until it is ripe to be sprung on an unsuspecting public. All Dick has to do is to fondle a clear Havana as he reclines in his easy chair in his luxurious apartments at the Hotel Hartman, with his feet elevated at the statesmanlike attitude of 45 degrees, and sign his name to the ebullitions as they are passed up to him. Then they go out to the sad, unthinking world as the bona fide simon pure soliloquies of the Republican chairman. It is funny.

In one of his most recent proclamations of this character Mr. Dick outdoes himself as a professional humorist by kindly pointing out to the people that Pattison is sure to be elected. He quotes history to show that every time state issues have been undermost in Ohio since the Republican party was organized, as they are this year, the state has gone Democratic. Speaking of the fact that no senators or congressmen are to be elected this year, the Republican chairman says, ostensibly addressing Mr. Pattison: "Your party put up this plea in 1873 in the Allen campaign electing you to the Ohio House, and in the Campbell campaign of 1889, which sent you to

Another Query for Dr. McCleery.

"Why should a citizen (in the above case it happened to be a stranger) be hauled down to the city prison, there to languish for a whole night, and then be mulcted the next morning for \$5 and \$10 and costs simply because he drank more than he should?"

—American-Tribune

These are the exact words The American-Tribune used on Thursday in exploiting its latest issue in the local campaign. In the next sentence it claimed that "plain drunks" are no longer considered even misdemeanors in most cities." This is an astounding assertion in the face of the statutory law. Section 6940, of the Revised Statutes of Ohio, says:

"Whoever is found in a state of intoxication shall be fined five dollars."

Section 33, of Newark City Ordinances provides a fine for this offense of a "sum not exceeding fifty dollars and costs."

Now, will The American-Tribune please specify and tell the people what cities of the State are openly violating section 6940 of Ohio laws? Is it being violated in Cincinnati under the rule of George B. Cox? If so, this is certainly a justification for the Republican revolt against Coxism in the other portions of the State.

And here is another query for Dr. McCleery, the Republican candidate for Mayor. How does he stand on this question raised in the Mayoralty contest as to whether the law fining men for intoxication should be enforced?

Nealy is a glass blower and for 22 years has been the treasurer of the local glass blowers' union. He has represented the union at several of the national conventions. He is a man of intelligence, a property owner in the ward, possessing good business qualifications, conservative principles, and always a consistent Democrat. He was born in Newark and has lived here all his life, being now about 40 years of age. His nomination was unsolicited by him. His candidacy is very popular and he will make a splendid representative of the ward in the City Council.

CAMPBELL TO BE IN OHIO OCT. 26

Governor Will Address Monster Meeting in Canton—Pattison's Dates.

Columbus, O., Oct. 7.—Ex-Governor Campbell's first assignment, announced by Democratic headquarters, is for Canton, where a big meeting will be held Oct. 26. He was notified by telegraph of the appointment, he having promised the committee to give his time during the last two weeks of the campaign. Other speakers at the Canton meeting will be James Rice and John M. Pattison.

Additional appointments for John M. Pattison, are announced as follows:

Bellaire, afternoon of October 17; Millersburg, evening of October 17; Greenville, October 30. Louis F. Houck will join Mr. Pattison at Greenville on the 30th. M. A. Daugherty will be with him at Millersburg, Fremont and Sandusky.

Lewis B. Houck will address meetings at Napoleon on the 21st and at Gibsonburg on the 26th.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." Hall, the druggist, guarantees them at 50c.

HON. B. F. McDONALD

Candidate for State Senator Has a Large Number of Friends in Delaware County.

(Delaware Journal Herald.)

The Democratic candidate for State Senator, nominated at New Lexington recently, is B. F. McDonald, of Newark.

Mr. McDonald was born May 13, 1868, on a farm near Wakatomaka, Coshocton county, Ohio, and received a thorough country school education. He attended college at Antioch, at Yellow Springs, Ohio, and graduated in June, 1891. He read law under Judge W. H. West, of Bellefontaine, and was admitted to practice law in October 1893. He practiced at the Muskingum county bar for about nine years, and the remainder of the time has been a member of the Licking county bar, where he now has a very lucrative practice. He spent all his boyhood days on the old farm, and since he has graduated, he has become the owner of the old homestead and one hundred and sixty acres about it. He has met with success in life, due to his energy and frugality.

Mr. McDonald is thoroughly a hustler and a man of marked good judgment. He is a man worthy of the support of the electors of this county. His recent visit to this county has made him a large number of friends.

LOCAL FOOTBALL GAMES CANCELLED

Denison and Newark High Each Have Hard Time to Get Games for This Afternoon.

Football games in this community were very scarce today. Denison had a game booked with Ashland, but this was cancelled. Another game was booked by the Varsity boys to play Cambridge high school but the High School boys notified the manager of the Denison eleven that his eleven would not be present.

With the Newark High school, the conditions were about the same. A game had been booked with the Denison second team. Saturday morning this game was called off from Granville and as a consequence neither the local High school nor the Denison Varsity team is playing.

Chief local interest centers around the McKee-Massillon game in the latter city. It has been predicted that Blighman will score forty points on the Case eleven. Much interest is also being taken in the work of Tackle Brindle, who has been slated by a Cleveland clinic for the all Ohio eleven.

COUNTY FAIR COMES TO CLOSE

ESTIMATED THAT 20,000 PEOPLE
ATTENDED THE FAIR ON
FRIDAY.

Another Good-Sized Crowd Present
Saturday—Fair Has Been Very
Successful This Year.

The fifty-second annual Licking County Fair closed on Saturday in a blaze of glory. It has been the most successful Fair ever held by the board. It was best in point of exhibits of all kinds, best in the first class racing that characterized it throughout, best in new features, such as Children's Day and the Educational Department; best in point of attendance, and best in the general enjoyment and satisfaction to the public who attended it. The weather was remarkably favorable from start to finish and could not have been better if it had been specially ordered for the occasion. The good rains of Sunday and Monday laid the dust and put everybody in good humor, and the weather every day during the week has been ideal. The attendance each day was phenomenally large, especially the last four days of the fair, Wednesday, Thursday, Friday and Saturday.

Friday was the big day of the fair and was a record breaker in point of attendance, over 20,000 people being in attendance, and was one of the largest crowds that ever assembled on the grounds of the Old Fort. The city electric lines handled thousands of people carefully and satisfactorily, and nearly everybody who was able to attend the fair at least one day and all who were there seemed to have a good time, visiting, enjoying themselves, seeing the fine races, the various large entries of exhibits, etc.

The holding of the fair on Saturday was considerable of an experiment, but it is an experiment that turned out well, one of the biggest days of the week, and everybody present had a good time. Some splendid racing had been reserved for Saturday, and the exhibition of the premium stock—in which everybody is interested—took

place on the race track at noon on Saturday.

Too much credit can not be given to the Licking County Agricultural Society for the splendid and successful fair they gave the people this year. A large part of the success, of course, is due to the faithful and tireless efforts of the members of the Board of Directors to make the fair a success.

SCHOEPF TALKS ABOUT TRACTION

TELLS NEWSPAPER FELLOWS
THAT THE ARE "UP IN
THE AIR."

Cincinnati Trolley Man Says There is
No Such Thing as Widener-Elkins
Syndicate in Existence.

President W. Kesley Schoepf of the Ohio Traction company, who has just returned to his home in Cincinnati, received a large number of the newspaper men of that city and submitted to interviews. When mention was made of the \$50,000,000 traction merger which he with the Widener-Elkins syndicate and the Standard Oil financiers, is said to be engineering he said, drawing himself together and concentrating all his wonderful energy in his answer, "That's the limit."

"You newspaper fellows are away up in the air. I was away for three months, and you built a lot of bonfires out of nothing. Fifty million dollars! Do you know that is a whole lot of money? Do you think we are made of money? Look here, I'll show you something interesting. Here is a book on the traction investments in the state of Indiana. It was sent me by mail yesterday. Here is a table containing a list of the bond and stock capital of all such roads in that state. Do you know how much it is? Why about \$103,000,000. Now that's a whole lot of money, and, mind you that represents the par value of such securities. God alone knows the real value of those securities. This whole talk grew out of my visit East to purchase Ohio traction roads which they had for sale. They were the Columbus, Buckeye Lake and Newark Traction company, which operates the Columbus, Newark and Zanesville. They belonged to the Tucker-Anthony people of Boston."

"But isn't the Widener-Elkins syndicate capable of putting through a \$50,000,000 deal?"

"There is no such syndicate as the Widener-Elkins syndicate."

"Then whom do you represent?"

"If there is such a thing as a syndicate it should be designated here as the Dolan-Morgan-Schoepf Syndicate. Messrs. Widener and Elkins are interested in the tractions here, but they are not in Indiana. Messrs. Dolan, Morgan, McGowan, Irwin & Co. of Philadelphia, and myself are the only ones in the Indiana field. The combination there should be known as the Dolan-Morgan-McGowan Syndicate. Irwin & Co. of Philadelphia, take charge of the financial end of the properties."

BIG BUSINESS

Is Transacted by the Trolley Lines
Fair Week—About 40,000 Fares
Handled on Friday.

The Columbus, Buckeye Lake and Newark, the Newark and Zanesville, and the Newark and Granville interurban roads, as well as the Newark city lines, have been doing a phenomenal business this week. Friday was a record breaking day in the history of the roads. Fully 25,000 fares were handled alone on the city lines, while the interurban roads contributed 15,000 more, making 40,000 in all. Of this vast number fully two-thirds of it was fair business.

DON'T NEGLECT A COLD. Neglected Colds Lead to Consumption.

How Consumption Develops.

Nine cases of consumption out of ten occur in this way:

A person catches cold. The cold is not properly cured, and another cold is caught.

This cold is dilly-dallied with, either by no treatment whatever or some treatment that is ineffectual, and the cold continues.

Then another cold is caught and a cough develops. Cough syrups are resorted to, but they give only temporary relief.

By and by the patient gets tired of taking medicines and cough syrups and gives up in despair.

The cold continues to develop and the cough grows worse.

Then the doctor is called in, only to discover that the patient is in the first stages of consumption.

It was just in this way that Miss Powell, of Aurora, Ind., became sick. She caught a cold, and not considering it serious, neglected it, thinking as many others do, that it would "wear off."

However, it clung to her tenaciously, and in two weeks she found her health in a serious condition.

Fortunately, Peruna had been brought to her notice, and she took a course of this remedy before it was too late.

In a week the cough and cold were broken, and a three weeks' treatment completely restored her to health.

This is what Peruna is doing all the while. Not a day, and probably not an hour passes in which some one does not have a similar experience with Peruna.

Cure the Slight Colds and Avoid Consumption.

The first step toward consumption is a cold. The next step is a failure to cure it promptly. The third step is the development of catarrh, which gradually becomes chronic. The fourth step, the catarrh begins to spread from the head to the throat, then to the bronchial tubes, and finally into the lungs. It is then consumption in the first stage.

At any time during the progress of catarrh, from the first onset of the cold to its final settlement in the lungs, Peruna can be relied upon to stop the disease.

If you have taken a cold, buy Peruna without delay. One bottle in the beginning will do more good than a half dozen bottles after the catarrh has fastened itself on the lungs.

Thousands of Testimonials.

We have on file thousands of testimonials from people who have been cured of catarrh of the lungs by Peruna. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Farnham for Peruna.

Miss Lillian Powell, Aurora, Ind., writes:
"Last spring I caught a severe cold from getting my feet wet and being out in the rain, and in a day I had a most miserable cold, but I neglected it, thinking it would soon leave me. But it hung to me for two weeks, when I felt something must be done, as my condition was serious.
"I had heard so much about Peruna and in its praise that I bought a bottle and began taking it regularly. I was gratified to find that in a week the cold and cough was broken up, and three weeks' treatment completely restored my usual good health."—Lillian Powell.

Modern Woodmen

Cedar Camp No. 4727 M. W. of A. met in regular session on Wednesday night with 122 members present. One application for membership on transfer card was received and elected, and one candidate shown, through the forest. The entertainment committee had the following program: Song by J. W. Horner; address by N. C. Sherburne, state deputy, Origin of Woodcraft; debate, Resolved, That marriage bonds are more to be desired than single blessedness, with D. F. M. O'Hara affirmative, and Judge E. M. P. Brister negative. The song rendered by J. W. Horner was good and was heartily applauded. The address of State Deputy N. C. Sherburne entitled "Origin of Woodcraft" contained many interesting features and facts of the Modern Woodmen from the organization of the first camp until the present time. The debate on marriage bonds more to be desired than single blessedness by Dr. O'Hara and Judge Brister, was good and Dr. O'Hara was declared the victor. In the near future the entertainment committee will have a spelling bee among the neighbors and a prize will be offered to the best speller. On next meeting night the committee will have another interesting program.

Neighbor Chas. F. Heim was reported having a foot hurt, and is getting along first rate.

All neighbors are requested to not forget the assessment, No. 211 levied for the month of October, for it was announced by the clerk, who received word that there would not be any assessment for the month of October, which was a mistake as there is an assessment for October.

Neighbor N. C. Sherburne invited the Forester team to an oyster supper at Kuster's restaurant after the work was over.

Neighbors be on hand next Wednesday night as the entertainment committee will have something good and interesting.

In the September Clerk's Bulletin a notice appears that all members who do not receive a copy of the Modern Woodmen, the official paper, are requested to notify the clerk of their camp, giving him his address, so that his name may be changed upon the mailing list, so that he will receive a copy of the official paper every month. The neighbors should see that they have a copy of the paper every month as it will notify them when there is an assessment due.

It being found that there are twenty-eight members of Cedar Camp Modern Woodmen, who are candidates for office at the election to be held in November, the entertainment committee of the camp have invited each of them to be present at the meeting on the evening of Wednesday, October 11, and talk to the membership for five minutes on any subject except politics. Of course the membership will smile and a good time is promised. Come.

Knights of Pythias.

The White Cross Pythians, and with regret in last week's Dayton

news that the fine Scotch collie from the Lake kennels, presented Grand Chancellor J. D. Clark by the lodge last January had died from the rabies, the cause of the development of the disease being attributed to poisoning. While mad the dog leaped at Mr. Clark's son, its teeth inflicting a slight wound in the arm. As a matter of precaution the lad was speedily taken by his father to the University of Michigan for treatment. The pathological department of the Ohio State University upon examination pronounced the condition of the dog as a genuine case of rabies.

Gilead, presented the Pythians of that city with a \$3000 Castle Hall, no restrictions being placed on the gift. Mr. Cook was the first candidate initiated in the Hall ten years ago and surely learned the lesson of Pythian generosity well.

The famous Senate and team of Roll and Lodge No. 305, K. of P. has accepted the invitation to confer the Knight rank in full amplified form at the district meeting to be held in Cambridge on next Thursday night. The team will meet tomorrow afternoon at 2 o'clock at the hall for drill.

A committee consisting of Brothers Woolard, Dewar and Bailey were appointed to arrange for a social session which will be given next month. The program will probably include a banquet in addition to other good things. The degree team is asked to be present in full force on that evening.

Odd Fellows.

At the meetings of the various lodges of Odd Fellows held during the past week only routine business was transacted.

The record keeper reported that the death claim, \$1,000 had been paid in full to Sister McMillen on September 29th.

Notice has been received that the Tent will be visited on November 3, by Great Record Keeper Geo. H. Scott of Norwalk, O. A large class will be initiated on that date. Every member is urged to be present at the next review on October 20.

Bakoo Temple of Columbus, has accepted the invitation of Kootah Temple to put on the work at the next ceremonial session here, which will be on the 21st of October. The brigand team of this temple won the prize drill at Detroit, this summer, and it goes without saying that they will do things about right when they come to Newark.

WEALTHY PHILANTHROPIST HEALS TOLEDO'S POOR

CITY IS EXCITED OVER THE REMARKABLE CURES OF A MYSTERIOUS MAN WHOSE ECCENTRICITIES ARE STARTLING.

Strange Stories Are Told of Quiet Stranger Who Distributes Great Quantities of Food and Clothing and Cures Disease Without Pay.

Toledo, O., Oct. 7.—(Special)—The people of this city are greatly excited over a number of remarkable cures which have been effected by a wealthy philanthropist, who is known as the Great Cooper.

His headquarters at Newcomer's Drug Store is besieged with crowds of men and women eager to be cured of their ills.

Cooper is a quiet, gentlemanly person, with the appearance of a student, rather than a business man. He is apparently about thirty-one or two years of age. He first came into public notice by his philanthropic work among the poor. The large fortune he possesses has made it possible for him to distribute many wagon loads of food and clothing among those in indigent circumstances since his arrival in Toledo.

The first that was known of Cooper's power over disease was when Mr. John Stauber, of 1607 Broadway, Cincinnati, Ohio, who was in this city on business, declared that Cooper the philanthropist, was the same person who saved his life last March, after he had been given up to die by his physicians. Mr. Stauber stated that last March the doctors had told him he would not live until May, as he was in a terrible condition; he had a nasty cough, with frequent hemorrhages, dizziness, and was so weak that the least exertion or excitement would completely prostrate him; there were severe pains in the stomach and back, and his kidneys were in bad condition.

"After my physicians gave me up," said Mr. Stauber, "Mr. Cooper heard of my case and called to see me. I left a peculiar medicine which I began taking and I immediately began to improve. My cough stopped, my stomach no longer distressed me, and my kidneys were in perfect condition. I gained seventeen pounds in seven weeks, and today I am as well as I ever was in my life."

A few days after this Mr. R. Stark, living at 1113 Moore street, reported that Cooper had cured him of a severe case of nervousness and stomach trouble with a few doses of his peculiar medicine.

Her trouble had been of long standing, and she had tried many different doctors and medicines without relief. From the first doses of Cooper's medicine she began to improve, and is today in apparently perfect health.

This was followed by the still more remarkable cure of Miss May Sharkey, a prominent young lady living at 213 Broadway. Miss Sharkey has been an invalid for three years, suffering from nervous prostration and stomach trouble. Her physicians had been unable to benefit her, and she had despaired of ever regaining her health. In one week after she began Cooper's treatment she was feeling as well as she ever did in her life, and there has not been the slightest symptoms of her disease returning.

The report of these remarkable cures flew through the city like wild fire, and Newcomer's Drug Store, where Cooper is making his headquarters, is besieged by people suffering from all manner of ailments.

The physicians of the city are amazed at the work he is doing, and have tried to shake the wonderful influence he has over the people, even going so far as to threaten prosecution, but as he does not accept any money for his services and does not give out any medicine himself, they have been powerless to interfere.

Cooper created considerable amusement at the expense of the doctors by asking them why they did not write their prescriptions in English so their patients would know what they were taking.

Since the interest has become so widespread that Cooper can not meet the people personally, he is receiving an enormous mail, and keeps a large force of stenographers employed in answering it. In the meantime, stories of marvelous cures continue to pour in.

Mr. James A. Pearson, a well-known contractor, living at 102 City Park avenue, was confined to his bed with rheumatism and was absolutely helpless. He had been in this condition for three months, had been treated by several local physicians, and had used many rheumatism cures without relief.

In telling of the cure, Mr. Pearson said: "I heard of the remarkable cures Cooper was making, and was taken to his headquarters in a carriage and carried in on a stretcher. I was unable to rise, and could scarcely move hand or foot, and was suffering great pain." Cooper gave instructions to the druggist and two remedies of a peculiar nature were brought out, one for internal use, the other for external.

In fifteen minutes Cooper told me to stand up. I made the attempt, and to my great surprise I found I could not only stand on my feet, but could walk nearly as well as ever. I walked out of the place and went home, and aside from a little weakness which is fast disappearing, I am my usual self, every trace of the rheumatism has disappeared, and I can climb a ladder or a scaffold with the greatest ease."

Cooper claims to have received the formulas of the medicines he is using from an aged priest in a sleepy Spanish town in Old Mexico. The Mexicans believed that holy water or some supernatural element entered into their composition.

Cooper receives an enormous daily mail. Letters are coming from every part of the state, asking for advice. The philanthropist reads every letter carefully, and replies to each one, advising the remedy which is applicable to each individual case.

While his remarkable cures are the stories are heard on the streets and in business places of his goodness to the poor. His gifts of food, money and clothing have relieved a great amount of distress, and have greatly endeared him to the people.

He is beginning to show the great strain he has been under the past two weeks, and it is understood that he will remain here only one more week.

Ellas George and John Jacobs were badly cut, the former's arm being almost cut off. Nicholas George is under arrest, charged with using the sword. The trouble started over Ellas George's refusal to pay his room rent.

Railway Notes.

A conference was held between J. P. Fitzgerald of Newark, trainmaster of the B. & O. and the Erie division trainmaster. It appears that Monday there was a collision of Erie and B. & O. freight trains at the Y and that a B. & O. freight car was broken. The conference was to determine which company is responsible for the accident.—Mansfield Shield.

The B. & O. Pullman coach which has been in the Mansfield yards, for the past few days, having been left here on account of a hot box, was today taken to Newark where it will be renovated. This is one of the coaches which was sidetracked on the Chicago division in Indiana about two weeks ago, resulting in a fatality. One side of this coach is completely torn off, windows are broken, the vestibules wrecked, and it shows plainly the terrible shock which the train sustained when it struck the protruding end of the freight.—Mansfield Shield.

SCHEMES FOR BLACKMAILING

FRUITFUL WEEK IN PROBING OF INSURANCE BUSINESS

Every Day Has Turned Up Some New Sensation In This School for Scandal.

New York, Oct. 7.—This week has been unusually productive of sensations in the probing of the Armstrong commission into the affairs of the big insurance companies. Every day disclosed some new sensation, covering charges that many bills introduced in state legislatures are merely for blackmailing purposes nepotism in distribution of lucrative positions and fabulous salaries.

The sensational development Friday was when Mr. Hughes demanded the payroll of the executive officers of the company. This was produced, and showed salaries of these officers since 1877. For the year 1904 President McCurdy received \$150,000; two vice presidents were paid \$50,000 each, a second vice president \$17,500, the third vice president \$10,000 and the general manager \$25,000, who this year will receive \$30,000, and the treasurer \$50,000.

Robert McCurdy said he never heard the salary of his father until he heard it read in the committee room. He thought, however, that there should be no limit to the salary of such positions because they should be in accordance with the accumulations of the company.

When asked if it was any benefit to the policyholders to increase the president's salary, McCurdy said he thought the trustees considered that when they increased the president's salary.

Mr. Hughes tried to bring out why C. J. Raymond and Company and the partners in the firm received larger emoluments from the business than any other agency. McCurdy said he did not know what Mr. Thebaud received from the business and never talked with him about his personal affairs. He said it was a "large reward for large achievements," and that all businesses of large magnitude were built upon that principle.

During McCurdy's testimony it was brought out that George Raymond, a brother of Charles C. Raymond, was the general agent for New Jersey; that Howard Lewis, the general agent for northern New York, with an office in Albany, was a cousin of the vice president, Mr. Grannis, or Mrs. Grannis; that Dr. E. J. Moss, the medical director of the Mutual Life, married a sister of the president of the company, and that P. Stuyvesant Pilot, an inspector of risks, is a cousin of Louis Thebaud, son-in-law of President McCurdy, and partner of the Raymond firm. G. W. White, a secretary of the company whom McCurdy was asked about, said he was not relative of any officer of the company, but that Mrs. White was a niece of Mrs. Grannis, wife of Vice President Grannis. He knew none of the salaries of these officers.

Much interest was manifested when the expenditures of the company were taken up. An auditor of the Mutual Life, C. A. Preller, was on the stand, and he was asked as to the method of recording expenditures. It was gathered that these were passed upon by an expenditure committee, of which

Robert (Allyphant) was chairman. Three entries on the books of payments to Mr. Allyphant of \$25,000 each were looked into, but no information could be gleaned. Mr. Preller was asked about the campaign contribution to the Republican congressional committee, but he said none came under his observation. The \$2,500 donation to the congressional committee was looked up for when the ledgers were produced, but up to adjournment was not found.

Wednesday, when President McCurdy of the New York Life Insurance company was on the stand, he heatedly declared that three-quarters of the bills introduced into the legislatures of the states of the Union were blackmailing measures, and on that ground he explained the necessity for maintaining the corps of attorneys.

Thursday counsel for the committee, Mr. Hughes took another tack and called Robert H. McCurdy, general manager of the Mutual Life Insurance company and son of Richard A. McCurdy, president of that company, to testify as to the agent system of the company, this feature of the business being under his control. While McCurdy was on the stand counsel for the committee brought out facts that changed the prearranged course, and the result was the disclosure of the immense profits derived from commissions of the insurance business. McCurdy was unable to tell the salary of his father as president of the company. It was expected the president of the Mutual Life would be called to the stand Friday. By a misunderstanding, however, President McCurdy left the office of the Mutual Life before he was called for, and it is expected that he will be the first witness Tuesday.

BUGGIES COLLIDE AT GRANVILLE

SIX KENYON STUDENTS IN AUTO HAVE CLOSE CALL ON TOP OF HILL.

Fortnightly Club Visits Zanesville—Reception in Cleveland Hall—Friday a Holiday in College.

Granville, O., Oct. 7.—Friday evening about 8 o'clock, people residing on Broadway, in the West End, were startled by a terrific crash. Investigation showed that a horse, attached to a buggy, which was occupied by a young couple, had sidwiped another buggy, occupied by a young man and woman, in front of the residence of Edward Smoots, overturning it and throwing the young people to the ground. The horse had then dragged the buggy as far as the residence of William Ackley, where the buggy caught on the water plug, and the animal broke loose from the vehicle. The young man thanked those who had rendered assistance, and said that he was glad the accident was no worse.

Six young Kenyon college students, who came to Granville on Thursday, had a close call. They occupied an automobile, which was driven at full speed through the village. At the east end of the village at the top of the hill the wheels of the auto struck the machine of the electric road, causing the machine to spring into the air and take a jump of not less than twenty feet. Had they struck the tracks a little farther east the machine would have been hurled down the steep embankment, and probably all the members of the party would have been killed.

The members of the Fortnightly club, together with a number of friends, in all about fifty persons, left the village on Saturday morning at 7:30 o'clock in a special car over the interurban for a trip to Zanesville to inspect the potteries at that place.

Miss Hallie Davis of Columbus, who has been visiting friends here during the past week, returned home on Friday night, after having had a very pleasant time.

Miss Fannie Hildebrandt of Zanesville, is visiting friends here and taking in the fair.

On Friday evening the faculty and students of Shephardson College gave a reception to the faculty and students of Denison University, in the gymnasium of Cleveland Hall. Punch was served during the evening, and the affair was a most enjoyable one throughout. The spacious halls and large and beautiful galleries, filled with pretty girls in gay and brilliant attire, made

a picture not soon to be forgotten. Lawrence Hawley, a prominent young attorney of Ft. Wayne, Ind., who has been here on business for the past several days, returned home Saturday.

Robert Anderson of Otterbein, is the guest of Leslie Snyder at the Sigma Chi house.

Maurice Miller, a prominent young business man of Toledo, who has been here for a few days, visiting friends, has returned home.

Friday was a holiday in the college and the students were given an opportunity to attend the big Licking county fair. The day was an ideal one, and those who did not attend the fair spent the time in the woods or driving in the country.

FIVE VICTIMS OF TERRIBLE TRAGEDY

(Bulletin.)

Middletown, N. Y., Oct. 7.—Five victims of a terrible tragedy were found this morning. They were Fred Olney, 58, and brother Willis, 62. Their bodies were found in the woods near the Olney homestead, where the dead body of Martin Ingernide, Alice Ingernide and the unconscious form of the mother lay. The heads of the girl and mother were beaten in with an iron pipe, but the Olneys were shot. There is but one clue. Two men were seen driving last night along the road back of the place where the bodies of the Olneys were found. While there was no sign of robbery at the house, the men had been robbed and their pockets turned inside out and a watch taken from each. Mrs. Ingernide, who will die, has been separated from her husband, and was employed as a housekeeper for the Olneys. Her daughter Lulu discovered the murder.

HUGHES FOR MAYOR.

Republicans Choose Their Leader For New York Campaign.

New York, Oct. 7. — The following ticket was nominated by the Republican convention; For mayor, Charles E. Hughes; comptroller, Richard Young of Brooklyn; president of the board of aldermen, James L. Wells of the Bronx.

Charles E. Hughes is the principal counsel for the committee of the legislature investigating insurance affairs.

Former Lieutenant Governor Timothy L. Woodruff was chosen temporary chairman of the convention. Senator Page read the platform, which embraced a denunciation of the Democratic municipal administration, an affirmation of the principle of nonpartisanship in municipal affairs, a demand for the passage by the next legislature of laws for the protection of life insurance policy-holders and a more rigid scrutinizing of life insurance companies, the control of future subways by the municipality and the establishment of a municipal lighting plant.

New York, Oct. 7.—Charles E. Hughes, inquirer of the legislative insurance investigating committee who without his knowledge and consent was nominated for Mayor on the Republican ticket last night, made the following statement this morning: "I have given no encouragement to the sub-committee and I am strongly convinced that I ought not to accept the nomination. I will say nothing further until the formal notification is given and this, I understand, will be given Monday."

Richard S. Young, who was nominated for comptroller is reported to have stated to friends that he will not accept the tender. Joseph Wells was named for president of the board of aldermen.
